

# SPOOKTACULAR IMPACT

## A BOO-TIFUL JOURNEY OF HOPE

We're thrilled to share Paul's upcoming mission trip to Mexico, where he'll be distributing wheelchairs, Crisis Care Kits, and adult diapers to those in need. With a heart full of compassion, he's not only providing essential supplies but also spreading hope and the word of God. Each wheelchair offers mobility, each kit provides relief, and each package of adult diapers ensures comfort and care.

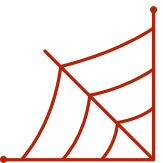

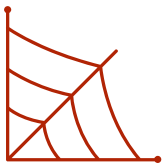

Thanks to Paul's dedication and the support of our generous donors, this mission will bring much-needed aid and encouragement to many. We're excited to see the impact of his "boo-tiful" journey of service!

## A TREAT FROM NIVS

A huge thank you to John and Carol from Northern Idaho and Nazarenes in Volunteer Service (NIVS) for their incredible efforts! They collected medical supplies and equipment from various locations along their journey and delivered it all to us. We're so grateful for their dedication and generosity, which help support our mission to provide life-changing aid around the world.

If you're planning a trip to our area and have items to donate, we encourage you to bring them along! Your contributions make a big impact and help us continue to deliver hope and healing to those in need.

# LOCAL LOAN PROGRAM

## EMPLOYEE PERSPECTIVE ON ITS SPOOKY GOOD IMPACT

“At Hands of Hope Northwest, I often find myself witnessing moments that remind me of the profound importance of our work. One particular day is etched in my memory, perfectly illustrating the power of local donations.

A woman walked into our office seeking an electric scooter. It was clear she was struggling and needed something easier to manage than a wheelchair. Unfortunately, we didn't have any scooters available, but I offered her a rollator with a seat, hoping it could help her move around with more ease.

I watched her hesitantly stand, grip the rollator, and take a few cautious steps. Then something remarkable happened—her balance improved, and she began to walk more confidently. It was a small victory, but for her, it was monumental.

A thought struck me. In our warehouse, we had another rollator, one designed more like a wheelchair with a seat. I quickly retrieved it, and when I brought it out, her eyes lit up with hope. She transferred into the new rollator with the help of her caretaker and finally sat comfortably.

“Thank you so much! How much do I owe you?” she asked, a mix of relief and anxiety in her voice.

I smiled and told her, “This is one of our giveaways.

It's yours to keep.’

Her face shifted from worry to pure joy. ‘Can I hug you?’ she asked, and I gladly embraced her. She went on to share her story—how she had been paralyzed on one side and faced daily challenges.

This moment reminded me why I love working at Hands of Hope Northwest. Every rollator, wheelchair, or other mobility aid we provide is made possible by the generosity of local donors. These contributions enable us to give these essential items to individuals like her at no cost.

As she left, I could see relief and empowerment in her eyes. Her experience is just one example of the real difference our community's donations make. Local contributions sustain our mission and create ripples of change.”

Each item we receive fosters independence, dignity, and hope for those facing mobility challenges. Your support enables us to uplift our community, providing life-changing resources to those in need.

Together, we can continue to make a difference—today, tomorrow, and beyond. Thank you for your generosity and for helping us build a more compassionate world.

### AMAZON WISHLIST

Our office furniture has weathered years of use and is now showing signs of wear and tear. To revamp our workspace, we've curated a wish list on Amazon with updated pieces that will enhance productivity and comfort. Scan the code to contribute and help us create a rejuvenated office environment. This link is also on our website.
